

# Acrylic Vintage style flower's...

...perfect for so many things!

Turn the flower into a focal point of your jewellery

String a Dahlia flower with pearls for instant elegant style

Create links by threading the roses onto eyepins

You can personalise your bracelet by adding charms

Have fun playing with vintage colour schemes

The flowers flat backs are perfect for gluing to different components for quick & simple accessories

Make clip-on earrings or why not use flat pad studs for pierced ears

Use a small brooch back for a subtle brooch

Create fun vintage hair slides

Wire the flowers to different items to create new components or to make simple pieces of jewellery

Simply wired on flowers create an elegant haircomb

For super fast style attach a flower to a ready formed Trinity Brass Co.™ filigree ring

Make your own components to turn into a wonderful new creation

Classic hatpin design held together with simple wire wrapping
