## Dapper Cat Pattern

*raising funds for Cats Protection*

This Cat pattern has been designed to help raise funds for the cats protection. You can donate over on our Paw-Some tea party page <https://pawsomeafternoontea.everydayhero.com/uk/TheBeadShop> Or search for "The Bead Shop" at [www.pawsometea.org](http://www.pawsometea.org) Thank you!

The cat design is 22 beads wide which means you will need 23 warp threads on your loom.

*This is the cat design on the jewel loom*

This Cat bracelet has been created on a Jewel Loom, start your project with an extra row of background beads to get started, then follow the pattern and keep repeating until you reach your required length. To complete your bracelet the 26mm slide connector clasp will fit this project and give you a neat professional finish (they're very easy to use).

There is a free tutorial on how to set up and start a bead loom project over on our YouTube channel.

You can find our videos on our You Tube channel.

*Tip; a jewel loom is the ideal tool to create this pattern on as it's light weight and it's very easy to get your tension tight.*

*Alternatively; if you don't have a loom you could also create this pattern using square stitch.*

We hope you have fun creating a Purrrrr-fect bracelet, feel free to share your designs with #thebeadshopnottingham on Facebook or instagram. Thank you for helping us raise funds for cats protection.
