Sparkle Tassel Jewellery

This fun jewellery set is ideal for adding a some sparkle to your festive and party outfits!

I have gone for all over silver combination for my party jewellery using Comet Argent Light crystals, however you can mix and match and adapt the colour combination to suit your outfit.

Materials

1 pair of earrings;

60cm x 0.25mm clear supplemax thread
 24 x 4mm Swarovski 5328 crystal xilion beads
 4 x 5mm Swarovski 5328 crystal xilion beads
 2 x silver tassels
 2 x fishhooks or your preferred earring component
 2 x eyepins

1 necklace;

30cm x 0.25mm clear supplemax thread
 12 x 5mm Swarovski 5328 crystal xilion beads
 2 x 6mm Swarovski 5328 crystal xilion beads
 1 x silver tassel
 1 x chain (I've used a silver plated 28" belcher chain)
 1 x eyepin
 1 x 8mm jump ring

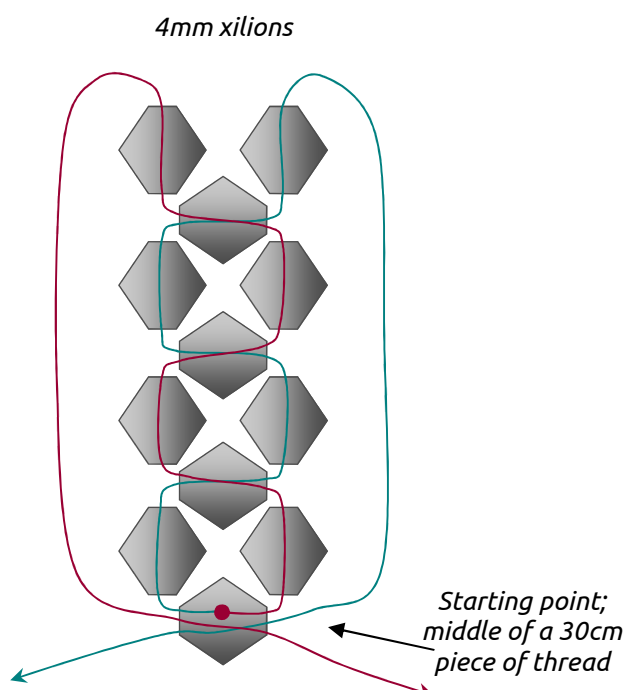

Step 1. Make the bead; the bead is made in right angle weave, using just 12 beads. The diagram above shows you how to make the bead, however if you would like more detailed instructions we have a YouTube video showing how to make this in more depth. The video can be found **here**.

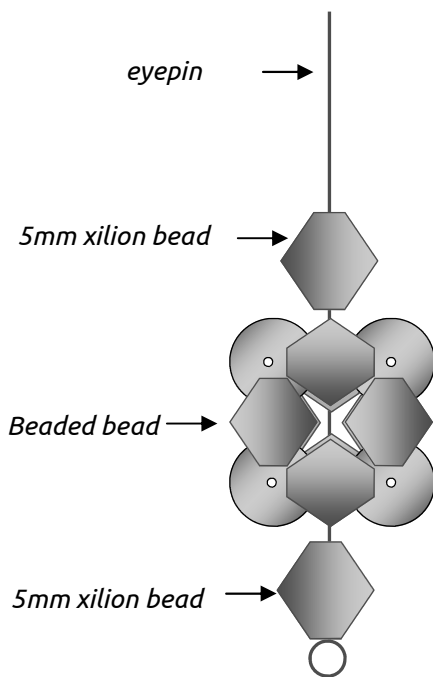

(<https://youtu.be/JrykIx7ai2k>)

Or Google "The Bead Shop Nottingham Simple beaded beads".

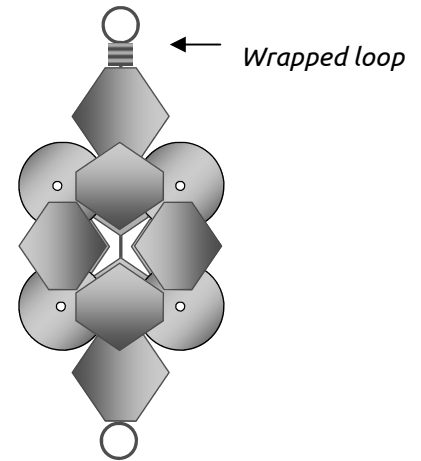

Once your bead is made, pull the threads tight and secure the ends with knots and trim off the excess.

For the earrings make 2 beaded beads with 4mm beads. For the necklace make 1 beaded bead with 5mm beads.

Step 2. Assembly; for the earrings, thread a 5mm xilion bead onto an eyepin, followed by your smaller beaded bead and another 5mm xilion bead. Create a wrapped loop with round nose pliers above the beads making sure there isn't a gap in between the beads. Repeat this for the second earring. For the necklace do the same, but thread on 6mm xilion beads and the larger beaded bead. We have a useful "**how 2**" leaflet on our website and further **videos** on our YouTube channel detailing how to make a loop.

Step 3. Twist open the loops on the top of the tassel and connect to the bottom of each of your eyepins. For the earrings twist open the loops on your earring components and connect to the top of your eyepins. For the necklace twist open the 8mm jump ring and connect the chain to the top of the eye pin.

These fun sparkly purple earrings look great with Amethyst AB2x and the purple tassels.
